

Avery Dennison V-2000 Series

Avery Dennison V-2000 reflective film of beaded technology is an excellent, economical choice offering premium benefits for promotional and non-critical reflective signs. With an outdoor durability of up to 3 years, it provides wide-angle reflectivity of incident light with impactful day and night visibility.

Features and benefits

- Striking 24-hours brand visibility: enhance application appearance and safety
- Up to 3 years outdoor durability
- Several design options: can be printed and cut

Recommended uses

- Promotional signs and graphics
- Non-critical reflective signs (private road signs, parking garages, etc.)
- For emergency or highway maintenance vehicles

Converter friendly

- Solid metallic layer: eliminates edge sealing - save time and money when converting/applying
- Suitable for sign cutting, screen and digital printing
- For flat & slightly curved applications
- Superior printability across all platforms (solvent, eco solvent, latex and UV)

V-2000 Beaded Reflective Film
