

HANKUK PAPER MFG. CO., LTD

Letter about Compositions of Raw Materials for Duplex Board

Dear Sir/Madam.

We(Hankuk Paper) hereby confirm that the Duplex Board **Greyback** produced by HANKUK is made from 100% recycled pulp.

We(Hankuk Paper) got FSC certification(Certificate no. : DNV-COC-000327) in details as below.

No virgin pulp is used either in the baseboard or in the white coated surface layer in Duplex Board **Greyback**.

Should there be any change in the pulp composition in the future, we will provide advance written notification accordingly.

This declaration is issued in preparation for compliance with the upcoming EU Deforestation Regulation (EUDR).

Please do not hesitate to contact us if further clarification is required.

< FSC certification detail (Certificate no. : DNV-COC-000327) >

Item	FSC Claim Range	Compositions of Raw Materials
Duplex Board Greyback	FSC Recycled 100%	Recycled pulp 100%
Duplex Board Whiteback	FSC MIX 70%	Recycled pulp 89%, Virgin pulp 11%
